DESCRIPTION

Automotive Enthusiast's Dream Welcome to a property with incredible "bones" and unmatched potential! Sitting on a massive, terraced 11,100 sq ft lot, this home is a rare find for the car enthusiast or anyone needing serious space for hobbies. Major system upgrades have already been handled for you: the home features brand NEW windows, NEW Central A/C, and has been fully re-piped with new copper water lines for total peace of mind. The interior features a spacious living room anchored by a cozy fireplace. The layout flows into a nice, long galley-style kitchen that offers plenty of workspace and connects seamlessly to a formal dining room on one end and a dedicated laundry room on the other. This home offers 4 bedrooms and 2 baths; please note that the 4th bedroom is a "tandem" room (accessible through another bedroom), making it ideal for a private home office, nursery, or a massive walk-in closet. The backyard is the real showstopper, uniquely laid out in three functional tiers. The first tier features a patio for outdoor dining; the second tier is a lush orchard filled with fruit trees. The top tier is an Automotive Hobbyist's Haven! With convenient rear alley access, you have a detached 2-car garage, a covered carport, a storage shed, and ample paved space to work on vehicles, store toys, or park a camper away from the street. With the heavy lifting done on the upgrades and a lot this size, this home is ready for your vision.
