DESCRIPTION

This charming 3-bedroom, 2-bath single-family home offers a unique blend of comfort and versatility! The first floor (approximately 1,056 sq. ft.) features 2 bedrooms, 2 baths, an open kitchen with dining and living areas, plus convenient laundry hook-ups. Upstairs, a spacious addition provides a third bedroom, a large open living space, and three balconies—perfect for enjoying fresh air and natural light. While the second-floor addition was completed by a previous owner in the late 90s/early 2000s, it appears to have been professionally done by a contractor. The square footage is based on the prior owner's estimate and would be reflected in public records once permitted. For year-round comfort, the home is equipped with four mini-split A/C units—one large unit upstairs and three downstairs—to keep the entire home cool during the summer. Parking is also a breeze with a long one-car garage and a driveway that can accommodate up to two additional vehicles, a rare find in Long Beach! Don't miss the opportunity to see this home—it won't last long!

DESCRIPTION

Calling all investors... Opportunities like this rarely come along. Offered for the first time in nearly 30 years, this property sits on a prominent corner lot in one of Long Beach's most rapidly evolving neighborhoods. With strong neighborhood momentum and continued revitalization throughout the area, this is an exciting chance for the next owner to reimagine and add value. The home features a generously sized floor plan with large rooms, great natural light, and a layout that offers plenty of flexibility for modernization or expansion. For buyers with vision, the possibilities here are compelling, whether you're looking to restore and customize a personal residence, undertake a renovation project, or explore the investment potential. Positioned on a large corner parcel, the property includes a detached two-car garage that may present future ADU possibilities (buyer to verify). The lot configuration and layout offer additional flexibility that investors and developers will immediately recognize. This is the kind of property that invites creativity. With the right updates and improvements, it has the potential to become something truly special while benefiting from the continued growth and energy of Long Beach.

DESCRIPTION

Nestled in the highly sought-after Bixby Knolls neighborhood, this charming home is being offered for sale for the first time in decades. The current owner, only the second homeowner since the property was originally built, has lovingly maintained the residence since 1995, showcasing true pride of ownership throughout. One of the standout upgrades includes newer dual-pane windows, providing improved energy efficiency, comfort, and a quieter indoor environment. These thoughtful improvements add to the home's overall appeal while preserving its original character. Living in Bixby Knolls means enjoying one of Long Beach's most desirable communities, known for its tree-lined streets, classic architecture, and strong sense of community. The area offers a vibrant mix of local shops, dining, and coffee spots along Atlantic Avenue, along with nearby parks and easy access to major freeways. Residents appreciate the blend of suburban charm with urban convenience, making it a perfect place to call home. This is a rare opportunity to own a well-cared-for property in a prime location with a rich history of long-term ownership.
